Citizen of This Country Who Was Imprisoned Complains Bitterly.

PUTS BLAME ON TRUST.

Says the Nicaraguan Minister of Justice Is Head of Tobacco Combine.

Declaring that he is the victim of sast headed by Julian Yrias, the Micaraguan Minister of Justice, Willmm S. Albers, the citizen of the United States who was sentenced to three years in prison by the Nicara-guan Government and released under from the State Department, arrived to-day from Colon on the steam-

Albers's arrest and incarceration came near causing complications between Nicaragua and this country. The sentence of Albers was followed

by his pardor, which came through an act passed by the Nicaraguan Congress following an urgent demand on the part of the State Department. This pardon was followed by a sentence of exile, and the prisoner was told to leave the country in fifteen days. This is his main reason for coming North, but he is going to demand a full investigation and attempt to recover the \$20,600 dam-

been arrested at the same time, was his brother. He; too, was released, but was not exiled and came back with William Albers and his wife.

The Nicaraguan Government's story of the arrest is that Albers, having got in trouble over the evasion of a decree regarding the tobacco crop, resisted arheaped personal abuse on the President of that country.

Tobacco is grown down there under a Government patent and by the payment of a tax of \$30 each 1,000 plants. Albers asserts that the officials entered into a trust, and because he would not give up a lot of tobacco, which he had put in the warehouse a year previous, got an order to take the tobacco.

On Aug. 3 of last year, as Albers was entering his house at Jahope, he was arrested by an Inspector of Police and gik men. The charge on which he was taken into custody is purely, he alleges,

A Safe and Sure Relief Constipation is most often caused by orpid liver or failure of the stomach and

bowels to perform their proper functions.
The condition is commonly due at first to irregular habits of living and improper food, and if properly treated can be readily relieved. It is, however, too often aggravated and made, chronic by the use, as medicine, of powerful and expensive drugs, which purge and perhaps give temporary relief, but are so drastic in effect as to at first. This can, however, be avoided, and the bowels gently and thoroughly opened by the use of Nature's own remedy—the famous Natural Mineral Lavative
Water—HUNYADI JANOS—which has been relieving suffering mankind all over the world for nearly half a century, One dose, % a tumblerful, drunk on arising in the moraing (slightly warmed for best results), will, within an hour, bring a delightful and refreshing relief. A whole bottle costs but a triffe, and it is best to keep one always on hand. Every Druggist keeps it.
